COMPLETE PLANS FOR NEXT SUNDAY

6,000 Will March in Holy Name Demonstration

WILL START AT 3 P. M.

Local Branch in Charge of Affair—Nine Bands— Three Divisions—Benediction at Geo. Wash. Park.

The Holy Name demonstration here at 3 o'clock next Sunday afternoon will be participated in by 6,000 men, nine bands and a drum corps and will consist of three divisions .Announcement to the foregoing effect was made last night at a meeting of St. Mary's Holy Name Society at the Lyceum Hall, under whose auspices the affair will be held.

Orders from the chief marshal showing the route and make up of the demonstration were received. Capt. Harry Walsh of Washington will be chief marshal, John Hadley Doyle, president of the Washington Holy Name and Michael D. Schaeffer, chief of staff.

T. F. Dyson will be marshal of the Alexandria division and his aids will be T. D. Downey and T. McGowan.

It was announced that immediately following the demonstration benediction will be given at George Washington Park by Rev. Louis Smet, pastor of St. Mary's Church, Alexandria, and the sermon, will be delivered by Very Rev. James M. Macken, O. P., of the mission house, South Norwolk, Conn., Immediately following benediction the sermon the spiritual directors and heads of the thirty-nine participating branches in the parade will be tendered a banquet in the Lyceum Hall.

About 100 will attend this affair. Well known members of the order are scheduled to respond to toasts. The reviewing stand will be erected at Washington and Queen streets.

The parade will be headed by the Fort Myer Band and will be led by a Richmond delegation composed of about 100 members headed by St. Mary's Industrial Band. Rt. Rev. D. J. O'Connell, bishop of the diocese of Richmond, will be here for the demonstration.

Each participant in the parade will carry a Holy Name banner and wear a badge of the order.

The first division will be marshaled by Michael J. Driscoll and will be made up as follows: Sacred Heart Cathedral, Rev. Father Brosnan, Richmond, Va.; band; Holy Trinity, Capt. W. A. King, U. S. A.; St. Stephens, Maj. F. A Kidwell, U. S. A.; Sacred Heart, Dr. Charles J. Griffith; St. Margarets, John Houchon; St. Mathias, C. G. Light; St. James, M. B. Chase, St. Josephs, C. M. Davis; St. Vincent de Paul, William H. Geotz; St. Cyprians, John Lancaster.

Second division—Frank J. Brosnan, marshal; band; St. Aloysius, George L. Garner; Holy Rosary, Tony Guoppi; St. Jerome, Stephen J. Kelly; St. Theresa, Joseph Dudeck; Church of the Nativity, Maj. E. C. Edwards; St. Thomas, R. A. Dore; Church of the Assumption; St. Matthews, Lawrence Mangan; St. Paul's, P. J. Haltigan; St. Augustine, William A. Prator.

Third division—Francis P. Cleary, marshal; Holy Name, August P. Dorr; St. Ann, J. J. Glavin; St. Peters, George M. F. Davis; St. Martins, Frank Gunning and Thos. J. Shea; St. Dominics and Soldiers Home, James Hasnett; Holy Comfortor, R. McDonald; St. Mary's, Washington, Joseph Zogewits; Immaculate Conception, William McCloskey; Church of the Incarnation, Arthur Jessep; St. Mary's, Alexandria, T. E. Dyson. Each division will have about three bands.

NOTICE

The Alexandria Gazette Corporation has received requests from the Library of Congress for copies of the Gazette of December 11 and 12, 1919, to complete the files of that library.

The Gazette, owing to press trouble, had very few extra copies of those dates, and they have been disposed of.

Any subscriber who has these numbers and will return them to the Gazette Office, will be helping complete the files of the Library of Congress, an act which will be greatly appreciated. 103-tf

CARDINALS WINNERS

Defeat Camp Meigs By Score of 7 to 5

The baseball game played on the North Alfred street diamond Sunday between the Cardinals and Camp Meigs teams was similar to the pendulum of a clock—moving to and fro—but the Cardinals won by the score, Cardinals, 7; Camp Meigs, 5.

"Speedking"Jones was at his best, except in the sixth inning, when he gave the visitors several "love taps" and with some free passes to first base they scored five tallies. After the bad inning he tightened up and with brilliant fielding by his team mates he held the enemy in check.

"Teddy" Schaeffer tagged the soldier boys who tried to steal second base on him like he did the enemies he had to meet on the battlefields in France, sure he treated 'em rough; he was also in fine fettle and caught a pretty game.

George Allensworth, first base; Larry McLean, second base; Freeman, third base; Purdy, shortstop; Owens, right field; Strunkle, center field, and Jimmy Alexander, left field all played gold-brand baseball. Jimmy Alexander's home run was the crown winner for the day.

Babe Payne and Jim Sweeney were base coaches and their coaching of the base runners was excellent.

Captain Crozier, of the Camp Meigs team, is a true spontsman in every sense of the word, and the kind favor he granted the Cardinals yesterday was greatly apreciated. He has a classy lot of ball players, especially Spybuck, his Indian catcher, pitcher and heavy hitter.

The Alexandria Citizens' Association will hold an important meeting at 8 o'clock tonight in McBurney's Hall, King and Washington streets.

TO GIVE BANQUET

Jr. O.. U. A. M., to Celebrate 27th Anniversary

Plans are in progress for a banquet to mark the 27t hanniversary of James W. Jackson Council No. 55, Jr. O. U. A. M., in this city to be held in July. The good of the order committee have been working hard to make this occasion one well remembered by the members of this lodge. This order has made wonderful strides in their work since its organization and continues to make great strides in the work of its kind. This organization is well known throughout the country and is well respected by the American people. It would be a great advantage to each and every member if he would attend the meetings of its council and find out the good work that it is doing. Members of Belle Haven Council are cordially invited to attend the meeting of this council on Monday, May 3, 1920. Members of Jackson Council are especially requested to attend tonight as business of importance will be transacted.

By good of the order committee,
EDWARD H. BROWN, Chairman.

CARANZA SAID TO PLAN ABDICATION

About to Take Path Followed by His Predecessors

HOPES AGAINST HOPE

Places His Son-in-Law in Command Through Which He Will Pass on Way to Coast.

Indications that Venustiano Carranza is preparing to flee Mexico were seen by authorities in dispatches reaching Washington through official and private channels. He is said to be hoping against hope for a change for the better in his political fortunes before taking the fatal step along the path trod by his predecessors, who tried to be dictators and failed—Diaz and Huerta.

Carranza has moved to provide safe and ready egress from Mexico. He has placed his son-in-law, Gen. Candido Aguilar, in command of the military forces in the states of Puebla and Vera Cruz, through which he would have to pass to reach the port of Vera Cruz in a flight from Mexico City. There are about 4,000 federal troops in those states. The railroad from Mexico City passes through them. Although two pronounced uprisings in Puebla, led by two members of the Mexican Congress, already have taken place, it is thought that Aguilar's force, if it remained loyal would be adequate to protect the railroad long enough to permit Carranza to "ypirangor," the native colloqualism for flight derived from Porfirio Diaz's departure on the German steamer Ypirango.

A military movement against Mexico City will be started very soon by revolutionary troops from Guerrero, Michoacan and Jalisco, according to information received in Washington last night.

DEATH CLAIMS MRS. HOPPER

Mrs. Sallie C. Hopper, widow of Samuel Hopper, died Friday at her home in Baltimore and her funeral took place at 3.30 o'clock yesterday afternoon from Immanuel Episcopal Church, Baltimore. The deceased was a sister of Mrs. William B. Smoot this city. She was a daughter of the late Robinson W. Caton and is survived by a son, Capt. Stewart Hopper, Baltimore.

Mrs. Hopper had a large number of friends in Alexandria who will regret to hear of her death. She was a frequent visitor in this city.

SPORTS

The Dreadnaught A. C. yesterday beat the Navy Yard team of Washington. The pitching of Frosman was the outstanding feature of the game, he allowed 4 hits and struck out 17 of the opposing men.

SERMONS SUNDAY ON MRS. NIGHTINGALE

To Extol Achievements of Founder of Modern Nursing

CENTENNIAL MAY 12

Many Schools Are Planning Demonstrations Showing Florence Nightingale's High Standard

Every minister in this city and throughout Virginia will preach a special sermon next Sunday, either morning or night, on the life and achievements of Florence Nightingale, the founder of modern nursing, if the request of the State League of Nursing Education is granted. The centenniel of the birth of the great nurse falls May 12 and the preceding Sunday has been designated as the most fitting time to extol her spiritual value to the world. Miss Rosa Van Vort, of Richmond, is president of the league, and she states that it will be impossible to communicate individually with the preachers, but it is hoped the general invitation will be sufficient.

Schools in almost every county are planning demonstrations showing that the greatest factor in the life of Miss Nightingale was not alone her work in saving the sick in the Crimea, but in setting a high standard for her followers. A number of programs and suggestions for special Florence Nightingale exercises have been planned, and these may be had by applying to Miss Van Vort, Richmond, Va., being sufficient address.

She is eager to bring before the young people of the Old Dominion the fact that the nursing profession comes into closer contact with the public than any other, and what concerns it is a community problem. Only the highest type of educated womanhood is wanted in its ranks, for the great majority of hospitals in Virginia require a high school diploma or its equivalent, of all girls entering their training schools. It has been found, according to Miss Van Vort that women of less back ground are not equipped either for the high order of technical work or for the broad fields which most graduates enter.

There is a great shortage of nurses today all over the country; not because women are not taking up the profession, but because the demands are so great. It is pointed out that ten or fifteen years ago there were no school nurses, county nurses, industrial or visiting nurses, all of which positions require unlimited resourcefulness. This centennial of the birth of Florence Nightingale is looked on also as a call to the women of the present.

Sarepta Lodge of Odd Fellows will confer the initatory degree next Wednesday night.

BOOM FOR TUCKER IS NOW GROWING

Many of Delegates to Convention of Liberal Persuasion

WANT LEXINGTONIAN

Representative Flood Will It Is Said Offer for Gubernational Chair and. If He Doesn't Senator Mapp Will.

Richmond, May 3.—Reports from Washington indicating that Representative Hal Flood may become a candidate for Governor of Virginia have served to arouse new interest in the campaign that is expected to be in full force following the State Democratic Convention to be held at Roanoke, May 19.

Another interesting development during the past few days is a rumor that State Senator G. Walter Mapp, of Accomac, may also enter the race, The report is rather that Senator Mapp may enter the race if Mr. Flood does not.

These new angles have set the politicians to speculating on a probable new line-up against Harry St. George Tucker, who announced his candidacy early in March and whose friends are making a systematic campaign of the State. Reports indicate that Mr. Tucker's supporters are very busy in all sections and that his following is strong and growing stronger hourly. Since the adjournment of the Legislature, county after county and city after city has named its delegates to the State convention. A great many of these delegates are of liberal persuasion and a big majority seem favorable to the nomination of Mr. Tucker for Governor.

RECOVERY FROM POISON.

Charles Tolley, 35 years old, who lives at 619 South Lee street, employed as an electrician at the plant of the Va. Shipbuilding Corporation, swallowed poison yesterday while at ihs home. He was taken to the Alexandria Hospital and treated by Dr. E. A. Gorman. At the hospital today it was stated that he was rapidly recovering and expects to be able to leave that institution within the next day or so.

VIRGINIA BIRD DAY

Tomorrow, May fourth, the birthday of John James Audubon, will be celebrated all over the state by schools and clubs where interesting programs will be given showing the value to the state and nation of the song, insect, weed-seed-eating and game birds.

There will be an exhibit shown at Messrs. Carne and Company's near King and Washington street, of colored pictures of the many rare and beautiful birds to be seen in and around this city.

The Junior Audubon outings have been a great joy to the boys and girls. In a visit Saturday to the beautiful garden of Mr. and Mrs. William B. Smoot several interesting species were noted. 90 species of birds have been seen to date.

The next outing will be through Arlington reservation and a visit to the historic mansion. All children will meet on the corner of Columbus and Cameron streets and there take the 9 a. m., train for Arlington Junction. Car fare, lunch and drinking cup must be furnished by each child and absolute obedience is required to have the benefit of these delightful walks.

CASTS SHADOW OVER MOON

Earth Got in Way of Selene and Darkened Satellite

The total eclipse of the moon seen by Alexandrians last night was visible over all of Europe, Africa, the Atlantic and portions of the Pacific and Indian Oceans.

In Eastern standard, time the moon entered what is known as the penumbral shadow at 5:49 p. m., but the moon rose partially eclipsed as seen here. It entered the earth's shadow zone at 7:01 o'clock and at 8:15 was totally obscured.

The total phase of the eclipse lasted for one hour and twelve minutes, the mid-totality being 8:51, when the moon was most deeply immersed in the earth's shadow. The moon passed out of the earth's shadow zone at 10:41 and out of the penumbral shadow at 11:53.

It was all the earth's fault. The earth got in the way and was responsible for the shadow.

WRIT OF ERROR GRANTED

Attorney Caton Notified of Action of Supreme Court of United States

Mr. James R. Caton, Counsel for the Marine Railway and Coal Company, Inc., has received notice that a writ of error and supersedeas has been allowed to the Supreme Court of the United States, from the decision of the Court of Appeals of the District of Columbia, recently rendered in the litigation involving the Alexandria river front, and the boundary between this city and the District of Columbia. Whilst the decision of the Court of Appeals of the District concedes that the boundary line is low water mark, instead of high water mark as heretofore held, it still leaves the question of jurisdiction of the Alexandria river front unsettled.

Expect something especially good and you wont be disappointed in "The River's End" Marshall Neilan's big production at the Richmond tonight. Crowds stood in line for hours to see this wonderful photoplay at Moore's Rialto Theatre in Washington. 106-1c

FIGHTING THE KING OF TERROR

Notwithstaning the plain words of Inspiration, "It is appointed unto men once to die," some good people seem to entertain the dream that it is possible for the genus homo to renew its youth, as doth the eagle, eand live on ad infinitum.

Juan Ponce de Leon believed this to be possible, and spent much of his time on the western hemisphere, then recently discovered, in quest of the "elixir of life." He might have consumed his time in searching for the pot of gold at the foot of the rainbow with equal profit.

But we are told by the prophet (Isaiah Lxv., 20,) that a time will come when "there shall be no more thence an infant of days, nor an old man that hath not filled his days for the child shall die in a hundred years old."

But all this is scheduled for a new order of things, in the regeneration, as the Great Head of the Church termed it, according to our translation, but which literally means the new genesis, an age for which prophets and poets have long sighed.

Predicting that the day would come when old age would be forgotten, wrinkles banished and gray hairs a thing of the past through the absolute control of the body by the mind, Miss Byrd Mock, speaking on "Rebuilding the Temple" yesterday morning at the Church of Life and Joy, in Washington, advanced many theories based on psychic research which point to the possibility of a longer span of years for the human life. "There is no real physiological reason why we should grow old," declared Miss Mock, "since the body is busy renewing itself daily."

STRIKE FEVER ABATING

Strikers now have ceased to be an important factor in the problem of boosting commodity production, Director Hugh Kerwin, of the Conciliation Bureau of the Labor Department, said yesterday.

"Fewer workmen now are idle from strikes than at any time since the armistice," said Kerwin.

Strikes through the entire United States now involve less than 75,000 workmen according to reports to several government departments. This number is slightly more than 1 per cent of the total number of organized workers. It includes the so-called outlaw railroad strikers, longshoremen and men involved in strikes now before the Labor Department for settlement.

"Production should increase at a high rate if this nearly peaceful condition continues in industrial relations," said Kerwin.

Thirty strikes now are before the Labor Department for mediation. They involve approximately 12,500 men, Kerwin said. But he added, the number reported each week is rapidly decreasing.

'In the week ended Friday night, the total number of new cases of industrial disputes reported to the department for settlement was eleven," he said. "During the previous week, thirteen new cases were presented to the department.

"Workers and employers now are showing a far greater willingness to settle their differences by mediation. Our concilators now are being called upon with greater frequency. Some are working night and day."

The fact that the tide of unheard-of prosperity has reached its crest is apparent, and the buoys about to point to more normal conditions. While employment is still comparatively plentiful, there are not so many gilt-edge jobs being carried about on silver waiters as has been the case during the past few years.

FOOD SHORTAGE THREATENS

The estimated decrease of 248,000,000 bushels of winter wheat as compared with last year, due to a decrease of 12,000,000 acres in the amount seeded and to an extremely low average condition of the plant, is one of the most alarming food situations which this country has ever faced says the Manufacturers' Record, which also says "it is alarming not simply because this great decrease in the wheat crop means a very high price for flour, but because the decrease in wheat acreage is merely indicative of the general decrease in the acreage of other crops. The American people have not yet awakened to a realization of what the agricultural decline means.

"The farms have been drained by the cities until the production of sufficient food to meet our actual necessities is so much endangered that it is altogether probable that the food prices of today will, twelve months hence, seem to be very cheap. There is a shortage in wheat; there is also a big shortage in rye, and likely to be a shortage in the acreage devoted to grain and other crops.

"It is not in the power of the farmers to change the situation. With the utmost stretch of their activity, and working from dawn till darkness, they cannot produce food enough to meet the nation's needs. There is no earthly reason why a farmer should be expected to work longer hours than an industrial worker, but the railroad employes and industrial workers are insisting upon an eight hour day. If the farmers and the farm laborers followed this example, the cost of all foodstuffs would almost double in price overnight."

MARITAL INFELICITIES

Much of the time of the Police Court last week was consumed in investigating charges and countercharges made by young married couples, who had found that matrimony is not always a bed of roses. These cases were generally scheduled for the night sessions, hence all the time necessary was allotted to hear the contestants. After careful analyses had been made, as is the case so often, but little ground could be found for bringing the cases to the attention of the Police Court. The troubles were considered in executive sessions, only the interested parties and their witnesses being present.

Two hours were consumed last Saturday night in examining a case in which a wife charged her husband with failing to support her and three children. The facts in the case were by no means of a serious nature, and the matter doubtless could have been settled without bringing the family troubles into the Police Court. It was finally determined by the court to give the partially estranged couple ample time to adjust their differences. They were told to go home together and endeavor to reach some understanding. It was subsequently learned that they "made up."

This is but one of numbers of cases which the Police Court is expected to untangle. A two line verse in "Mother Goose," the nursery classic, is as follows:

Needles and pins, needles and pins,
When a couple marry their troubles begin."

All have their troubles, married persons not excepted.

A good minister of the gospel of this city, was wont to tell young couples after having united them in matrimony, "remember you will have two bears in the house, bear and forebear. Be patient with each other under all circumstances."

PUTS TYPHOID TO FLIGHT IN COUNTY OF FAIRFAX

Richmond, Va., May 3.—No more gratifying evidence of the efficacy of rural sanitation work in preventing disease has been recently presented than that contained in the report of public health work in Fairfax County conducted under the supervision of E. L. Flanagan, M. D., field director for State Board of Health, in close co-operation with local authorities and welfare organizations and with the financial backing of these agencies and of the State Board of Health and the International Health Board. Typhoid fever virtually has been wiped out in Fairfax County as a result of the health and sanitation work done in the years of 1918 and 1919.

In 1915 there were 30 cases of this dread disease reported with 4 deaths. In 1916 there were 28 cases and 3 deaths, while in 1917 the number of cases reported increased to 48 with 3 deaths. Then the health workers went on the job and in 1918 they had well night put Messrs. B. Coli out of business, with but 12 cases of typhoid and no deaths. In 1919 there were but 8 cases reported and but one death. The same sanitary steps directed against typhoid have proven of large value in the war on other preventable diseases.

The entire cost of this wonderful campaign, which is now to be continued purely as a county enterprise under the direction of Dr. Flanagan as county health officer, has been $16,171.43 up to February 1, 1920, this sum having been provided from the following sources: State Board of Health, $3,800; International Health Board, $3,800; County Board of Supervisors, $2,400; County School Board, $3,068.27; Hon. R. Walton Moore, $1,300; Fairfax Chapter Red Cross, $1,803.16.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.

There is a harassing discomfort caused by Eczema that becomes a torture. The itching is almost unbearable and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Write for advice. SEMINOLE PLAYERS

Minstrel Performance May 18-19 For Canton Odd Fellows

The Seminole Players Association, an organization composed of local amateur talent of this city will present in the Opera House May 18 and 19 a big minstrel show for the benefit of Alexandria Canton No. 1 Odd Fellows of this city. The Seminole Players as has been stated, is a local organization and has been organized for the past four years, it has a membership of 60 active and 15 honorary members.

The past records of this organization has proved to the people of this cit ythat Alexandria can produce talent as good as any other city, as well the past performances of these players have been excellent and the association has on record many letters of congratulations from residents of this city as well as many out of town, one being from the American Red Cross Headquarters, at Walter Reed Hospital, where a minstrel show was presented by these players without any charge to the patients of that institution.

The minstrel this year is entirely new and the committee in charge promise to make this show the best that any local amateur performers have produced in this city. Tickets will be placed on sale at Warfield's Drug Store on Tuesday, May 4.

The honorary membership of the Seminole Players is composed of the following, Rev. Dr. E. V. Regester, Rev. Egdar Carpenter, James M. Duncan, C. C. Batcheller, C. W. Fletcher, Jos. Schwarzman, H. Friedlander, C. B. Swan and H. W. Wade.

The officers for this season are H. H. Newton, president; C. W. Sutton, vice president; R. C. Sullivan, secretary; J. Wm. May, treasurer; E. Warfield, jr., assistant treasurer; Rev. E. V. Regester, chaplain. Musical director J. Gordon Phillips. Rehearsals are being held in Odd Fellows' Hall and are in charge of J. G. Phillips.

The orchestra to furnish the music is composed of members of the association and consists of seven pieces.

MYSTERY IN DEATH

George H. Weaver Found Unconscious In His Wrecked Car

New York May 3.—Vice-President George H. Weaver, of the Remington Typewriter Company was killed early yesterday in an automobile accident and the police have no clue to the party responsible for his death.

After playing golf yesterday at the Siwony Golf Club in Westchester County he went to the Hotel Gramatan, in Bronxville, and had dinner with friends. He started alone in his car for New York at 2 o'clock yesterday evening. Half an hour later Police Lieutenant James Gavin, of Tuckahoe, was notified that an automobilist was dead in his car on the White Plains Road, Bronxville.

Lieutenant Gavin found the car jammed against an iron telegraph pole and Mr. Weaver hanging on the rail.

The car was badly wrecked and Mr. Weaver, unconscious, was transferred to an automobile truck in a race for life to Lawrence Hospital, Bronxville, but he died on the way.

Lieutenant Gavin is confident that Mr. Weaver's car was hit by another car which jammed it into the telegraph pole, and that the guilty party sped away.

Mr. Weaver was 40 years old, unmarried and had apartments at the Chatham Hotel here. His father, in Rome, N. Y., has been notified of the tragedy.

A Woman Asks:-

"Can I, at my age, 49, suffering from kidney and bladder trouble, burning pains after urinating and pain in my hips, painful swellings for 6 years, be cured by your method? I am a graduate nurse from one of the large Chicago Hospitals, have tried many good doctors, and many drugs and serums with nothing but temporary relief, I am awfully discouraged—"

Answer:—This woman was under my care about three months and the cause of her trouble was entirely removed and she grew very strong and healthy, when your brain impulse, like an electric current, is made to pass freely all over your body, to heart, lungs, liver, stomach, kidneys etc., as well as through all your muscles you can not be sick, nature cures you. FOR BURNING ECZEMA

Apply Zemo, the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c or $1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

TIRED, BODY AND SOUL?

Not Sick, But Still Not Yourself. Think You'll be Better Tomorrow—Only You're Not

TRY TAKING PEPTO-MANGAN

It Isn't Sleep You Need, But a Good Tonic—More Red Blood

Everyone gets run down occasionally. Sometimes it's weeks before you get your energy, enthusiasm and happiness back again.

Any doctor will tell you to be careful in a time like this. Your body has little power of resistance, and the danger of catching some serious disease is great. Temporarily, your blood has too few "fighting" corpuscles.

It's the work of these same red corpuscles to keep you free from fatigue. Being constantly tired out—depressed in body and mind—is almost a sure sign that your blood needs help for a time.

Gude's Pepto-Mangan is a standard remedy in cases of anemia (or bloodlessness). It supplies the iron and other properties your blood needs to catch up with its task of keeping you fresh and alert in every fibre.

Pepto-Mangan has the hearty endorsement of physicians, is an agreeable tonic to take, and may be had at any drug store in either liquid or tablet form. Both have same medicinal value.

Be sure to ask for Gude's. There is only one genuine Pepto-Mangan, and the name "Gude's" should be on the package. —Adv.

FURS FROM CATS AND DOGS

Noted Surgeon Says Furs Resembling Silver Fox Will be Transplanted to Ordinary Domestic Animals

Paris, May 3.—"Have you a little fur farm in your backyard?"

This will not be an unusual question when—and if—Dr. Raymond Passot has his way. The famous surgeon, who offers to cure John D. Rockefeller of baldness for one-fiftieth of the oil magnate's daily income, says the day is coming when the most valuable furs, such as those of the silver fox, lynx, otter, will be transplanted to ordinary domestic animals, such as cats, dogs, rabbits and donkeys, by a skin grafting operation. Then every body will be able to "grow" a set of wonderful furs at ridiculously low cost.

RICHMOND THEATRE

The production of motion pictures is undergoing a great change for the better. The leading stars and directors are going into business for themselves instead of working for wages paid by New York financiers who care little for the finer artistic phases of photoplay making.

In "The River's End," at the Richmond tonight, we offer the first photoplay from the studio of Marshall Neilan, formerly one of the highest salaried directors in the world. For his first offering Mr. Neilan has secured James Oliver Curwood's great story of the Canadian Northwest, "The River's End," considered by many the author's most popular work. Quite naturally, Marshall Neilan has spared nothing in cost of cast and production to make his first personally produced and directed effort as fine as possible.

You may therefore expect a real treat in this great big story of God's country.

SHOOTS NEIGHBOR'S WIFE

Connecticut Youngster Uses Pistol When he Hears of Reconciliation

South Norwalk, Conn., May 3.—Crazed with jealousy, Harold Guiles, 21, yesterday shot Mrs. Harold Morrill and then turned his pistol against himself. Both were hurried to the Norwalk Hospital, where they were said to be at the point of death.

The shooting of Mrs. Morrill, who lived next door to Guiles, was the outcome of his falling madly in love with his neighbor's pretty wife after returning from the war. Morrill started a divorce action a fortnight ago, naming Guiles. But on Saturday Mr. and Mrs. Morrill met and were reconciled.

News of the reconciliation came to Guiles yesterday, he told the police He overtook Mrs. Morrill when she was taking her baby out in its carriage.

Guiles walked beside her a short distance, witnesses said, then drew a gun and shot her in the head. As she fell he sent another bullet into her body.

Running a short distance, as if at first intending to try to escape, the youth apparently changed his mind and shot himself twice in the right side.

Prior to losing consciousness at the hospital Mrs. Morrill stated that Guiles demanded to know if the reports that she was returning to her husband were true. Assured they were and that they intended leaving South Norwalk, he requested her to write to him. When she refused he drew the gun, saying, "You will never write to any one."

KILLS TWO WOMEN

Kentuckian Shoots Wife and Her Sister in Dispute Over Child

Dawson Springs, Ky., May 3.—Sherman Hammons, 55, wealthy farmer, shot and instantly killed his wife, 23, her sister-in-law, Mrs. John Hammons, and then blew out his own brains here yesterday after he had been foiled in an attempt to kill his 4 year old son.

Mrs. Sherman Hammons had instituted divorce proceedings and the trouble is said to have arisen over a dispute as to the possession of the child.

BOAT PLUNGES 20 FEET

Large Stone Aqueduct Near Hagerstown Was Built Over a Century Ago

Hagerstown, Md., April 30.—Two spans of the large stone aqueduct of the Chesapeake and Ohio Canal, built over a century ago across Conococheague creek at Williamsport, collapsed yesterday and canal boat No. 72, Capt. Frank Myers, just entering the aqueduct, was swept through the gaping side and fell 20 feet into the creek below. Captain Myers, steering, saved his life by leaping to the bank.

The three mules pulling the boat were saved by Captain Myers' son, driver, who promptly unhooked the tow line just as 175 feet of masonry fell out into the creek. The boat was badly damaged.

J. T. Richards, supervisor of the Williamsport division of the canal, stated that a month or two will be required to reconstruct the aqueduct, during which naivgation will be suspended, causing heavy loss to boatmen, shippers and the canal company.

GERMANS ATTACK JEWS

Students in Vienna in Demonstrations for Hapsburg Dynasty, Also

Vienna, May 3. —Anti-Jewish demonstrations by German students continued in a more serious form today and were also directed against other students recognized as socialists. Cries of "Down with the Jews" mingled with "Down with the reds."

The students of the university gathered and occupied a position near one of the colleges, the young men being armed with sticks and their leaders carrying swords. Jews were attacked when they entered lecture rooms, and were compelled to leave. A Jewish war kitchen also was raided. During the disorder there were cries of 'Long live the Hapsburgs," and the old national anthem was sung. Police forces were stood off for a time and were froced to draw their swords to disperse the students.

The movement seems to be jointly anti-Jewish and political, the latter phase being a protest against the government's refusal to make any advances to Hungary.

DIE IN PLANE CRASH

Young Pilot Loses Reason From Shock of 300-Foot Plunge in California

San Francisco, May 3.—Two persons were killed, a third probably fatally injured and another temporarily lost his reason from the shock when a four passenger airplane fell 300 feet to the ground shortly after noon yesterday two miles north of Vallejo.

The plane, driven by Charles Stoff, Jr., formerly an army flier, reached a height of about 300 feet when the motor stalled and crashed to the ground. The young pilot was dazed by the shock and temporarily lost his reason.

AIM OF METHODISTS

General Conference Wants No Weakening of Volstead Act

Des Moines, Iowa., May 3.—The Methodist General Conference, in session here, has adopted a resolution calling upon the major political parties to add a plank to their platform against "any weakening" of the prohibition act which would legalize the sale of beer or wine for beverage purposes.

SIDETRACK SUGAR

Railway Employes Report Cars Held up at Culpeper

Washington, May 3.—While Washington resorted to "long sweetenin' last week as a result of the sugar shortage, a shipment of that scarce commodity, variously estimated at from 2 to 10 carloads, lingered on the tracks of the Southern Railway at Culpeper, Va., 50 miles from Washington.

Railroad employes brought back reports to the business agents of their unions that a shipment of at least ten carloads had been purposely shunted upon the sidetrack to await higher prices in the retail market here and in other cities.

This report was denied by railway officials and by the Southern Railway freight agent at Culpeper, who said a single carload had rested over for three days on the siding because of a hot box on the freight car. He stated it was consigned to a wholesale dealer in Orange, Va. It was routed over the Chesapeake and Ohio Railroad, according to the agent, which uses a common track with the Southern between Alexandria and Orange

The agent declared the car of sugar was switched off a freight train from Potomac yards to allow time for the hot box on the car to cool, but was picked up three days later and taken to Orange.

LAD SHOOTS AT TEACHER

Bad Aim Was Poor and Intended Victim Escapes Without Scratch

Chattanooga., Tenn., May 3.—Jackson Cotter, a Summerville (Ga.) high school boy, took six shots with a revolver at his teacher, Prof. Wyatt Ransom Friday afternoon as the teacher was leaving the school room but his aim was poor and he missed his mark. He was arrested and lodged in jail.

The shooting was in revenge for a severe thrashing the teacher had administered a few days ago, it is said.

DEBS' BACKERS TO CONVENE

Socialist Party to Meet This Week-End to Name Ticket

New York, May 3.—Two hundred Socialist delegates will attend the national convention of the Socialist party of America, which will open here next Saturday and continue for a week, for the purpose of nominating candidates for President and Vice President and adopting a plat form.

The platform is expected to make clear the party's attitude toward the present Russian government.

Eugene V. Debs, now serving a term in Atlanta Penitentiary for violation of the espionage act, has been repeatedly advocated for the Presidency by party leaders, who have formulated the slogan, "From prison to White House."

Use Of Aspirin Told By "Bayer"

Bayer Company, Who Introduced Aspirin 18 Years Ago, Give Advice

When the Bayer Company introduced Aspirin over eighteen years ago, physicians soon proved it a marvelous help in relieving Rheumatism, Colds, Headache, Neuralgia, Earache, Toothache, Lumbago, Neuritis, Aching Joints, and Pain in general.

To get this same genuine, world-famous Aspirin, you must ask for "Bayer Tablets of Aspirin," marked with the "Bayer Cross." You will find safe and proper directions in every unbroken package.

Handy tin boxes of 12 tablets cost only a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

POLICE QUELL RIOTS

Federation of Labor Refuses to Support Strike of Rail Workers

Paris, May 3.—Complete collapse of the railway strike, following flat refusal of the Federation of Labor to sanction "an act which would plunge the republic into the throes of civil war" was the principal feature of "May Day" in Paris.

An efficient police organization smothered the embers which threatened to burst out into flames of open rebellion.

The Champs Elysees, and Bois de Boulogne quarters, where the majority of Americans live, were unexpectedly quiet.

Agitators and rioters were prevented from reaching the Place de la Concorde, the usual starting place of large scale outbreaks, by a cordon of republican guards. Troops and police squads along all main thoroughfares enforced the government's strict prohibition of all parades and demonstrations.

Many minor clashes occurred, however, the biggest taking place in the Place de la Republique, where thousands of strikers, angered by the attempts of millionaires and youths to keep the traffic going, forced their way through the military cordon and held up an auto bus, stoning its titled driver and passengers.

Stoppage of work was practically complete in Vienna, theaters and business houses were closed. Tram cars stopped at noon.

Berlin reported almost a complete cessation of work. Only long distance transportation lines were operating.

A Rome dispatch said a guard was killed and many workers killed or injured in May Day clashes between guards and laborites at Turin.

VOTE ON PEACE MOVE

Democrats Plan to Let Knox Resolution go to President

Washington, May 3.—Under the leadership of Senator Oscar W. Underwood the Democrats of the Senate will present substantially a solid front against the Knox peace resolution, but there will be no minority filibuster against the resolution.

It was learned authoritatively today that the Democratic program contemplates meeting the Republican resolution without resort to the filibuster and the Senate Democrats will put no obstacle in the way of an early vote.

Furthermore, the practically solid alignment of the Democrats, which now seems assured, means that it will be impossible to pass the peace resolution over the veto of the President. The resolution will be adopted by almost a strict party vote sent to the White House, where it is considered certain a veto awaits, and then the issue of the peace treaty, and "peace by resolution" will be projected into the campaign.

HARD CIDER OUTLAWED

State Assumes Concurrent Jurisdiction With U. S. Government in Enforcing Volstead Act.

Louisville, Ky., May 3.—Farmers in Kentucky who have been accustomed to quenching their thirst with hard cider may be classed as "moonshiners" under the McLellan law, which goes into effect on July 1. Under the State-wide dry amendment, adopted by the people last fall, any person having a beverage containing more than one-half of 1 per cent alcohol, including cider or homemade wine, on their premises, may be haled into court to show whether they manufactured it with or without a permit.

In Comes Preventol Out Go Insects

When we perfected Preventol we knew it was the best thing in the world to kill insects. Then we proceeded to perfect the Preventol Sprayer. It is the best that can be made. Always 100% efficient.

Handy Preventol Outfit Now Used in Homes.

They Die!

Spray Preventol into the places where disease carrying insects lurk and see them run out and drop dead.

Preventol is a stainless preparation that does not rust or corrode metal, non-poisonous and non-explosive—therefore absolutely safe. Famous hotels, noted restaurants, bakeries and public institutions use Preventol.

Kill Roaches—Spray it in the kitchen, in the pantry, wherever food is stored. The vapor will kill the roaches and destroy the "roachy" odor.

Kill Bed Bugs—Spray the beds, mattresses, springs and clothing. The pests and their eggs will die. Preventol is harmless to the finest fabrics.

Kill Moths—Spray closets, chests, trunks and clothing.

Destroy Odors—Spray garbage wherever air is foul.

Drive Out Flies—Spray in kitchen, pantry, storeroom, dining room, throughout the house.

Keep Out Mosquitoes—Spray the bed rooms and furnishings before retiring. Mosquitoes will depart at once. Then you can sleep soundly and safely.

The uses of Preventol set forth here show why it is always kept handy in homes where health and comfort are sought. Excellent to protect pets and cattle from insect pests. There is a special Household Outfit that saves you money. Special combination Sprayer and Pint Can in handy box. $1.00 at your dealer's. Additional re-fill cans; Pint 60c; Quart, $1.00; Half Gallon, $1.75.

THE VIRGINIA RAPID TRANSIT COMPANY, Incorporated

$10.00 per share, Stock Subscription Price $10.00 per Share Now

$10. may earn you $100. $100 may earn you $1,000.

Every citizen of Alexandria and vicinity should feel it his duty to invest in one or more shares of stock in a Home Company which is strictly for the benefit of the public.

The management of this Company are experienced men in the Motor Bus business.

Statistics show that there is more transportation over the seven miles of road between Alexandria and Washington than over any other seven miles of road in the United States. With the experience the management of this Company have had with other Motor Bus lines, there is no reason why this will not be the best paying Motor Bus line in the country.

Commuter tickets will be sold at a low rate and for the benefit of commuters special non-stop cars will be run from Alexandria to our station at 13th and C. Streets N. W., Washington. However, commuter tickets will be good on any car, whether it be run as a special or on schedule.

The busses will run continuously day and night over the following roads to and from Washington: Out King Street via Union Station and Rosemont; out Washington Street thru Del Ray; Out Washington Street via Potomac Yards and Brick Kiln, which will give Service to the public. Busses will also be run from Washington to Mt. Vernon on schedule.

The pay-as-you-enter system will be used and the chauffeur will handle no money except to make change.

This Company hopes to be in operation about the middle of May.

VIRGINIA NEWS

Officials of the railway machinists' unions of Richmond, may not be able to prevent an unauthorized strike on May 10 unless speedy action is taken to settle the wage question, which the dissatisfied workers declare has been pending for more than six months before the wage board in Washington, union leaders declared yesterday. Approximately 800 men are affected here, but the leaders say the walkout may be followed by similar ones in other imporatant rail centers. Last Monday morning machinists in one of the Chesapeake and Ohio Railroad shops here left their work at 11 o"clock and called a meeting, which officials of the union refused to attend. It was some time before the men could be persuaded to return to work.

Fire yesterday destroyed the old colonial brick mansion of Moses O'Brien, in Clarke county, with all its contents, including hand made antique furniture, many historical papers and documents and heirlooms. Members of the family escaped in their night clothes. A large and well stocked barn was saved by Berryville and Winchester firemen. The loss was about $10,000, partly insured.

The State Corporation Commission has issued a rule against the Pullman Palace Car Company, returnable May 13, to show cause why the company should not be subjected to a fine for raising its rates in Virginia without the knowledge or consent of the commission. The Pullman Company has raised its minimum charges for a seat from 25 to 50 cents.

Although a rifle bullet passed through his brain from temple to temple and a portion of the brain is exposed to view, Whit Tribble, of Halifax county farmer, who was shot Friday by Federal revenue officers in a raid on a moonshine still in Halifax county, is able to recognize and call by name relatives who have visited him at a hospital in Lynchburg. Hospital physicians now believe Tribble has a good chance to recover. Tribbles family assert that he had nothing to do with the operation of the still raided and that he was at the still at the time of the raid to get whisky for his own use. The revenue officers maintain that they watched the operators at work at the outfit from 11 o'clock Thursday night until 6 o'clock Friday morning. As they started to raid the place they say they were fired upon and in their return fire Tribble was shot.

With the commission manager election just one day off, Staunton is going through one of the bitterest campaigns in recent years. Lined up with the Citizens' Club, the organization that is the moving spirit in the call for a change in city government, is the more progressive element of the city and the remnant of the old "dry" party. On the other side is the old line "wet" party and Republican leaders. The supporters of the bicameral system of city government admittedly have little to offer as campaign issues and have begun to indulge freely in personalities. They have put out reports entirely unfounded, that if the commissioner-manager plan is adopted, taxes will be raised immediately, that those who are leading in the fight for its adoption are merely seeking this means of riding into office.

EIGHT FACE 'CHAIR'

Unless Governor Grants Reprieve Sing Sing Will Have New Record

Ossining, N. Y., May 3.—Unless Governor Smith grants reprieves, 8 men will die in the electric chair at Sing Sing prison May 24. If these men are put to death according to present plans, that day will be a record in the history of the prison. The 8 include the four men granted on eleventh hour reprieve by the governor on Thursday night.

The respite granted Joseph Milano, James Cassidy, Joseph Usefof, and Charles McLaughlin, sentenced to death for the murder of an aged Bronx ticket taker is four weeks and not two weeks, as previously announced, according to information today. That advances the date for the execution if the sentences are carried out despite Milano's confession that he was chiefly responsible for the slaying, to May 24. Milano has supplemented his oral confession with a written one.

MENACED BY MONARCHIST

Munster, Germany, May 3.—Here on this former training ground of the Kaiser's troops there are encamped today nearly 10,000 soldiers and officers still true to the old regime.

With utter scorn for the new Government, these forces are ready for any adventure looking to the overthrow of the republic.

Though the Ebert government claim it is not paying these troops, there is every reason to believe, as a result of an investigation here, that they still are getting sustenance and pay from the Government coffers. It apparently is a case of the Government not wishing to finance the troops, but fearing that if they were not paid, they would start on looting expeditions with dire results.

Why You Should Buy Guaranteed Roofing

When you buy roofing you want durability as well as shelter. You want to know that it will last long enough to make its average cost per year a reasonable figure.

That is why Certain-teed should appeal to you. For, when properly laid, Certain-teed Roofing is guaranteed for 5, 10 or 15 years, according to weight.

The guarantee adequately protects your investment, but it does not accurately measure Certain-teed's life. In fact no one knows just how durable Certain-teed is, because in no case has it ever been known to wear out on the roof.

And Certain-teed is more than durable. It is weather-proof, fire-retarding and spark-proof. It effectively shelters your property.

With all these advantages, Certain-teed Roofing costs less to buy, less to lay and less to maintain, than any other type of good roofing.

See your dealer about Certain-teed. He either has it or can get it quickly from a nearby Certain-teed distributing center.
